TOUR OF DUBROVNIK

This tour is divided into two parts: a walking tour of the Old City and a panoramic tour by coach. The coach tour begins on the new panoramic road offering a breathtaking view of Dubrovnik and its riviera. Next, it's off to the Pile Gate to the beginning of the famous main street, the Stradun for a guided tour. Here, you will visit the Franciscan Monastery whose cloister ranks among the most inspiring sites of the city. It is also home to the oldest working pharmacy in Europe (opened in 1317). There will be a visit to the Dominican Monastery, where you will view the finest collection of Renaissance paintings in Dubrovnik, the Rector's Palace (15th Century), which was previously the seat of the Government and Rector in the once independent Republic of Dubrovnik (abolished by Napoleon in 1808) as well as the Sponza Palace, noted for its columned courtyard. From here, you'll visit the church of St. Blaise, patron saint of the city, one of the finest examples of Baroque architecture in Dubrovnik. . Situated on the main square, today's church is the second church built on this spot. The older, Romanesque church of St. Blaise burnt in a fire in the beginning of the 18th century. Only 3 years after the fire Dubrovnik had a church dedicated to its patron saint which remained unchanged until today. After the guided tour you will have free time and an opportunity to explore the town on your own.
