JEEP TOUR OF MYKONOS

A local guide will be waiting for you in the small port of Tourlos to show you the jeeps that will take you on a tour of some of the most beautiful and undiscovered corners of the island. A quick stop at the lighthouse at Cape Armenitis will give you time to admire the stunning views over the cliffs of the north coast of the island and the nearby island of Delos. You will then head to the bay of Agios Sostis, with its unspoilt beaches and Ano Mera, a tiny village situated in the very heart of the island, where a beautiful monastery and typical Greek taverns can be found in the main square. Here you will have the opportunity to taste some typical Greek products. Following a series of picture-postcard views, you will have a chance to admire a view of Mykonos, the capital of the island, from above, with its traditional white houses and world-famous windmills, which are even more magical and unforgettable at sunset. You will leave the jeeps close to the town centre, where your guide will give you information on how to get around, so you will be free to wander around the cobbled streets, with the typical houses with their brightly coloured balconies, and the elegant shops, bars and restaurants of the Little Venice area, with verandas right on the seafront. A non-stop shuttle service will be available to take you back to the ship.
